**WHY PAY FOR DEAD WEIGHT**

**CONSIDER THIS FACT:** From 6% to 23% and more of the weight per rod of any wrapped or clamped fence is in the wraps or clamps, which add nothing to strength but detract from appearance, effectiveness and durability. Why pay for waste wire which adds nothing but dead weight and cost? Do not overlook the fact you also have the freight to pay on this waste wire (dead weight.)

The two Pittsburg fences we are offering you are the Jumbo and Extra-Heavy. The Jumbo is ALL No. 9 wire with 12 inch stays. The Extra-Heavy is No 9 top and bottom wires, other wires No. 10, and 6 inch stays. Always before sold at 30c per rod, will sell until further notice at

**25c**

Use no wire fencing with stay wires made of lighter wire than the intermediate wires.

**One More Case Quarantined.**

There have been several rumored cases of small pox in the past week; in fact almost everybody that has an ailment is reported at one time or other to have the small pox, but only one case has been classified as such, and quarantined. This was the case of Bert Ward on north Main street. John Bright, the original case, is almost as good as new, and when the proper time elapses will be taken out of quarantine.
